

remove both checkboxes for now

rename button to "Finish"  
get "Abbrechen"

After click:

there is old client  
start uninstall as it is already

there is NO old client  
remove that for next progress "Oh! client is not available for uninstall"

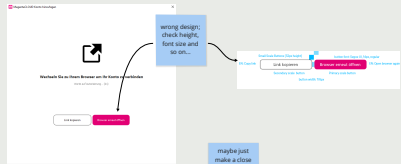

Magenta.CLOUD wurde erfolgreich installiert

Wischen Sie auf Abbrechen um die Installation fertig zu stellen.

"Abbrechen"

writing design, check height, font size and the etc...

button does not work

maybe just make a close (Schließen) button out of it

bring normal desktop button style back if easy  
not center aligned (together as a block)

missing spacing

wrong font size & font color

check font size

wrong design

check position & size of that image

that looks not equal, not similar, please check font size, height...

remove that background and use the magentacloud() background-color

missing spacing from 48px
